Why NYLQ?

Selling Land is Our Specialty — Selling All Types of Real Estate is Our Business! Under no obligation, we will discuss your real estate and the opportunity to sell it in today's market. If your property includes a home, camp or other structures, we will evaluate the total value that you can expect from a sale. Our marketing plan will include advertising options that we know will find us the right buyer – internet sites, direct mail, local, statewide and out of state newspapers. The listing price is the key to selling your land. We will agree on a listing price, follow our marketing plan, find a buyer in the shortest period of time with an acceptable offer and help you reach your goal – maximizing your return on investment.

Have a Question? The right agent can find the way.

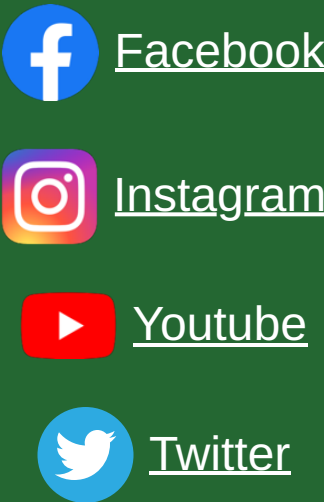

With the limited number of homes on the current NY market, you need an agent with the right connections, technology and strategies to achieve your home selling vision.
